## Select Group to Address Problem With Regulatory Agencies, USDA and Others in Washington February 28-March 1

Washington, Feb. 17 - Deep concern for the record farm debt and growing number of farm loan delinquencies has prompted William H. Kennedy, Jr., president, American Bankers Association (ABA) to appoint a special Agricultural Task Force. Kennedy today named ABA President-elect Robert Brenton of Iowa, a recognized leader in agricultural banking, to chair the eleven-member task force. The Agricultural Task Force is being asked to urgently formulate recommendations for addressing the current farm loan problems in light of bank regulations and examinations procedures. In addition, the task force members were urged by Kennedy to remain sensitive to the protection of bank deposits and stockholders' equity. President-elect Brenton immediately called for a meeting of the task force for February 28 and March 1 in Washington, DC. The agricultural bankers plan to meet with federal regulators and Congressional Agricultural Committee leaders as well as farm leaders in the steady, a few spots of strength noted. Butcher hogs were uneven with prices better in the western areas and mostly tending lower at eastern points. Price trends, quotations on choice and prime steers and heifers and the mixed good and choice grades and on good and choice Holstein steers and on U.S. 1-3 hogs sealing mostly 200 to 280 pounds included: OMAHA fed cattle steady. Steers \$60 to \$63 and \$60 to \$61. Heifers \$58 to \$61.50 and \$59 to \$59.50. Hogs steady to 25 cents higher at \$55 to \$57. ST. LOUIS fed cattle firm to mostly 50-cent. Higher. #### Several Big "ifs" In Cattle Future

Chicago - The number of cattle in the nation's beef herd appears to be in a "holding pattern" and likely to stay there for the remainder of 1983, four prominent livestock economists said in Chicago. The economists, participating in the sixth in a series of cattle cycle forums sponsored by American Farm Bureau Federation, see no significant increase in either beef cattle numbers or supplies of beef on the market this year. But they do see a possibility that prices could improve later this year if the right combination of circumstances fall into place. Serving as panelists for the forum were Dr. Wayne D. Purcell, professor of agricultural economics at Virginia Polytechnic Institute and State University; Dr. Edward Uvacek Jr., livestock marketing economist and professor, Texas A&M University; Dr. Robert J. Reiser, economic consultant for Siga Corporation, Menlo, Park, CA; and Glenn Grimes, professor of agricultural economics at University of Missouri (who participated via tape recording because of illness). The session was moderated by Harold Harkey, director of AFBF's commodity division, and Al Kenting, director of AFBF's livestock department. The four economists generally agreed that after four years of back-to-back losses, cattle producers are reluctant to expand the beef herd from the estimated 115 million head inventoried by the Department of Agriculture on (CONT. ## Pinzgauer/Pinzbrah Field Day Will be May 14 in Athens, TX

Bob Sullivan, President of the Southwest Pinzgauer Association and Dan Scott, spokesman for East Texas Pinzgauer Breeders jointly announced the Southwest Pinzgauer Association and East Texas Pinzgauer Breeders would co-sponsor a Pinzgauer/Pinzbrah Field Day to be held at the Henderson County Fairgrounds at Athens, Texas on May 14, 1983. Sullivan stated that the S.W.P.A. annual membership and Board of Directors Meeting would also be held at that time.

The Field Day is planned to follow the format of the highly successful venture held in Canton, Texas in 1982. Already confirmed for the program are outstanding beef cattle specialists and agricultural economic experts from area experiment stations and universities. Regional and national Pinzgauer leaders will also outline history and progress of the Pinzgauer breed with emphasis for this exhibit being placed on

the unique genetic potential of Pinzgauer cattle in crossbreeding programs.

The highlight of last year's program, a buffet luncheon which is provided by East Texas Pinzgauer breeders and their wives and provided for all visitors and guests at the Field Day, is again included in the program. Local arrangements are the responsibility of Marie Hooper, Tyler, Texas, Dan Scott, Murchison, Texas and Matt Free, Sunnyvale, Texas. Individuals interested in bringing exhibit cattle, or have suggestions for the program or require any additional information regarding the Field Day are urged to contact these Committee members.

As an added feature of this Field Day the Southwest Association is asking the APA to provide materials and expertise for conducting a cattle registration workshop and a field trip is planned at the end of the Field Day to Scott Pinzgauer Ranch to visit Pinzgauer and Pinzbrah breeding operations and to examine various forage programs on the ranch.

S.W.P.A. members invite all Pinzgauer breeders and potential Pinzgauer people to mark their calendars for May 15th and make firm plans to attend this fun and educational program.

## Looking For Cattle You Can Depend ON?

Today's Cattleman needs productivity and performance he can bank on... the proven, predictable performance of the Pinzgauer. As productive as they are colorful, count on Pinzgauer if you're looking for cattle that can produce a profit in today's market.

## Regional Pinzgauer Show at East Texas Fair, Tyler in 1983

In October of 1982, shortly after the East Texas Fair, Bob Sullivan, President, S.W.P.A., mailed a questionnaire to all breeders and exhibitors who participated in the 1982 S.W.P.A. Show. He received a response from a majority of the exhibitors and breeders and those were invariably strongly positive regarding the Show and Pinzgauer Exhibit.

The S.W.P.A. Executive Committee has tentatively arranged with the East Texas Fair to present the S.W.P.A. Regional Show and Exhibit in 1983 with a format similar to that which was felt to be so successful in 1982. The Show Committee will be appointed at the May Membership and Board of Directors Meeting to be held in Athens, Texas. Sullivan asked that all prospective exhibitors begin to select and fit their animals now for this first major show of the 1983-84 winter circuit.

Pinzgauer people to mark their calendars for May 15th and make firm plans to attend this fun and educational program.

# Brangus Bull Sale at Denver Big Success

With a large crowd and much enthusiasm the Brangus breed staged their National Western Range Bull Sale during the morning hours of Stockman's Day, January 19, 1983, in Denver, Colorado. This unique third year event, designed to offer a high quality set of bulls to Western commercial cattlemen, proved to be a resounding success. The forty-five bulls consigned from five states grossed \$109,650 to average \$2,437. Comments from Judges Jim Leachman and Jake White, who appraised the bulls during the Pen Show the previous afternoon, emphasized their extra frame and functional soundness. The uniformity and quality of the bulls ran exceptionally deep giving the

# College Scholarships OF \$5,400 Available To Farm Youngsters

College scholarships totaling \$5,400 will be awarded to eight deserving young boys and girls in 1983 by the American Angus Auxiliary, reports Mrs. Eli B. Volaw, Jr., Wellfleet, Nebraska, Scholarship Chairwoman of the national Angus women's organization.

Scholarships will be awarded to eight high school graduating seniors who are active in Angus beef projects and school, community and church activities. Five girl and three boy winners will be selected from each of the respective state applications. First place scholarship in each group will be \$1,100, with \$800 for second and \$500 for third. There will be a \$300 scholarship for the fourth place girl and a \$200 scholarship to the fifth place girl.

Much of the Auxiliary scholarship money is generated from the sale of a donated heifer each year at the American Angus Futurity. The heifer this year is being donated by Quirk Land & Cattle Company, Hastings, Nebraska. The April daughter of Hi Guy will sell with breeding privileges to any bull in the Quirk herd bull battery.

The scholarship entry deadline is June 25. The winners will be announced following the judging of the applications during the American Angus Futurity in Louisville, Kentucky. Applications may be made through the names of state chairmen, applications and other information about the program. (CONT. ON PAGE 18)

# Y-TEX GardStar insecticide ear tags

Guards Cattle Against Flies & Ticks for a Full Summer Season

Attach one GardStar tag per animal for season long control of horn flies. Two tags per animal (one in each ear) controls Gulf Coast ticks and face flies. Proven Effective\* University researchers field tests have proven the effectiveness of insecticide ear tags in eliminating summer pests from cattle. Proven Safety. Even calves and lactating dairy cattle may use GardStar ear tags. GardStar tags are easily applied with the Y-Tex Tagger. Squeeze application snaps button into tag like a pop-rivet for unbeatable retention. GardStar tags may be marked with Y-Tex tag marking ink. Ink will not effect tag's performance. GardStar insecticide ear tags—Safe, Proven, Effective.

# N.E. Texas Simmental To Hold Field Day With Gregory's Bull Sale

The North East Texas Simmental Association will hold a field day in conjunction with Marvin and Betty Gregory's Texas "G" Ranch annual bull sale on March 12, 1983. This is the second field day the association has sponsored. It will be an educational program directed primarily at the needs of the commercial cattle man.

A seminar will be conducted by Dr. Steve Hammack, Extension Beef Cattle Specialist from the Central Texas District in Stephenville. His subject will be "Cross Breeding Systems." In recent years much research has been done by the Extension system and those results will provide a background for the discussion.

Charles Rollins, cattle judge and auctioneer, will critique a number of bulls. This is an unusual opportunity to compare bulls, and see in-the-flesh differences.

The association is aware that the more knowledgeable cattle men are the better selection they will make. That knowledge will help the Simmental breed as Simmental bulls have the double quality of being able to produce both excellent replacement heifers and modern growthy calves for the steer market.

Following the field day, the Texas "G" Ranch will conduct its annual bull sale. Seventy select Simmental bulls, including those used in the field day,

## R. A. Brown Sets Simmental/Simbrah Sale for March 19

Throckmorton, TX — The R. A. Brown Ranch Annual Show Calf & Female Production Sale plus the Junior Heifer Futurity will be held Saturday, March 19, 1983. The show will begin at 10:00 a.m. followed by the sale at 1:00 p.m. at the R. A. Brown Ranch located 4 miles west of Throckmorton, Texas on Hwy. 380. Lunch will be available.

Selling will be 30 crossbred steers, 10 crossbred heifers, 10 purebred Simmental Show heifers, 25 purebred Simmental bred heifers, 25 Simbrah bred heifers and 30 purebred Simmental open heifers.

The crossbred calves are out of the R. A. Brown 700 head commercial, 1/2 blood Simmental cows bred A.I. to Advance Copy, Colorado 158, Mountain Man, Boss, HGR Expectation, Streamliner, Superstar and other sires. The crosses include Chianina, Limousin, Santa Gertrudis, Brahman, Charolais, Maine-Anjou and Simmental. The calves were born August-September 1982.

# Simmental.

Through performance testing and relentless culling, the American Simmental has become an outstanding brood cow.

She breeds early and regularly, calves unassisted and has the milk to grow the calf to its full potential. Adaptable to any environment, all she asks is feed and management equal to her effort.

Simmental -- mother cows that make the most of your good management.

## Southwestern BEEFALO NEWS

### Beefalo Show at North Texas Fair Set August 23-28

Frisco, TX — The Southwestern Beefalo Association, Inc. and the North Texas State Fair will sponsor an open Beefalo show at the North Texas State Fair August 23-28, 1983 at Denton, Texas. The finalized time and date of the show will be announced in a few weeks.

Roger Powell, President of the Southwestern Beefalo Association made the announcement that this will be one of the two Beefalo shows held in the North Texas area this summer and the first Beefalo shows in the Southwest.

Anyone with Beefalo cattle registered in the Beefalo Registry of the American Beefalo Association, World Beefalo Association or the International Beefalo Breeders Registry are invited to participate in these shows. All animals shown must be 1/2 blood Beefalo or higher. There will be five classes of breeding females and one class of breeding males.

Tom Martin, Richardson, Texas, will be Superintendent of the Beefalo show. For information on these shows please contact Roger Powell, President, Southwestern Beefalo Association, Rt. 2 Box 30, Frisco, Texas 75034, Ph. (214) 877-2816 or Tom Martin, 1920 Cheyenne Dr., Richardson, Texas 75080, Ph. (214) 281-1511.

### Beefalo Hardiness Put to Test

Edmond, Oklahoma — Beefalo breeder, Gary Newman, started working with beefalo in 1981 after reading a Mother Earth News article which enthusiastically extolled the virtues of this new breed. Newman states that although there were many advantages claimed for Beefalo over other cattle breeds, the point that really caught his attention was the supposed ability of Beefalo to grow and thrive on roughage and low quality feeds and pasture. With the beef industry in an economic squeeze every dollar counts and the cattleman that can maintain his herd for the least dollars may be the only one who survives. As he analyzed his cost, it became quickly apparent that the bulk of his expense each year goes toward hay preparation or purchase, feed supplements, or winter pasture preparation in order to get his brood cows through the October to May winter period and end up with healthy cows and a good spring calf crop. If therefore looked like cutting winter feed expense was the key to cost cutting and, at least by claims, Beefalo looked like they might be the answer.

Coming out of the winter of 1981-82, he could see a significant difference in the condition of his Beefalo versus non-Beefalo cattle, but did not have the data to substantiate his observations. As he talked to other Beefalo breeders it became apparent that although most had observed the same thing, no one had any hard data to substantiate this very basic claim of foraging ability and hardiness which makes the breed so attractive.

With the purchase of his own livestock scales in early summer 1982, Newman decided to put the Beefalo claim of hardiness and foraging ability to the test during the winter of 1982-83. Included in the test are 15 half and three-quarter blood Beefalo cows and mature heifers and 7 non-Beefalo cows and mature heifers. The non-Beefalo cattle consist of 2 registered Limousin, 2 registered Gelbvieh, 2 commercial Angus and 1 commercial Hereford. On October 10, 1982, all cattle were weighed and wormed with the recommended dose of Trinitolol boluses. Subsequent feces test show the worming effective and the animals parasite free. The average October weight of the Beefalo was 1078 lbs. and the non-Beefalo 1074 lbs.

Since October 10, the test cattle have been on dry bermuda and native pasture with an additional 21 head of non-test animals. The only supplemental feeding given to the herd during that time was a daily feeding of approximately 3 bales of native hay starting December 1, to keep the herd coming in for observation. In addition, "Stockade 4" mineral supplement is available free choice. Of note, also, is the fact that central Oklahoma's dry, hot late summer and fall burned out much of the pasture grasses' food value and pasture quality is significantly lower this year.

On January 1, 1983, all 22 test animals were reweighed for a mid-winter progress check with the following results: The 15 Beefalo had retained an average of 98% of their October weight; the non-Beefalo animals retained 87% of their October weight. Of the total test animals 6 Beefalo and 3 non-Beefalo have nursing calves. The Beefalo with calves retained an average of 93% of October weight while the non-Beefalo cows with calves retained only 84% of October weight.

While only mid-point results, it appears that Beefalo do indeed have a significant edge when conditions get tougher, as during winter months and drought conditions. All cattle will be reweighed the end of March for final test weights and complete test results will be reported in the Southwestern Beefalo News section of the Weekly Livestock Reporter. Anyone interested in more details of the test should feel free to contact Gary Newman, Rt. 5, Box 482, Edmond, Oklahoma 73034.

Ric Hoyt, Burns, OR, has been elected president of the American Shorthorn Association at the group's annual meeting during the National Western in Denver, CO.

### Fort Worth Shorthorn Results

Deer Trail Goliath, owned by Gene

University, West Lafayette, IN, has accepted the position of executive secretary-treasurer of the American Shorthorn Association, according to Ric Hoyt, Burns, OR, national president of the beef breed organization headquartered in Omaha, NE.

Dr. Hunsley has been at Purdue University since 1967 and his duties have included both teaching and research work as well as some Extension activities from time to time. Most recently, he was in charge of the Purdue beef cattle herd at the teaching unit, taught a number of upper and graduate level animal sciences courses and was coach of the livestock judging and evaluation teams for the university.

He has been involved with numerous research activities in the production and management areas with emphasis on animal growth and development. He is the author or co-author of numerous research reports involving animal management, production and genetic studies. Dr. Hunsley is also the author of two of the most widely used textbooks involving livestock judging, selection and evaluation.

Lindsey & Deer Trail Ranch, Manhattan, KS, was the grand champion Shorthorn bull of the 1983 Southwestern Exposition and Fat Stock Show. The reserve champion was 7M Tomahawk Paddy, the calf champion from 7M Polled Shorthorns, Clarendon, TX.

Senior champion Shorthorn bull was AF Della's Irish Dealer, owned by M.J. Shorthorns, Olaton, TX. Fieser's King Mont Adair, owned by Fieser's Polled Shorthorns, Platte, KS, was the reserve senior champion bull. Reserve junior champion was CF Tarzan, owned by Don & Pat Stout, Kremlin, OK, and the reserve calf champion went to Lazy D Sensational High, from Lazy D Ranch, Excelsior Springs, MO.

Judge, Wayne Hartman, Barnard, MO, went to his calf champion, an entry of Billy Joe White, Duncanville, TX, for the grand champion Shorthorn female. Reserve champion female was the junior champion, Lon Hu TA Queen, owned by Tom Adams, Bartley, IA. Reserve junior female was Daysprings Buttercup 2nd, owned by Alden Farms, Hamilton, MO, and Billy Joe Fisher, Jr., McLoud, OK, showed AB Cherry Tulip to the reserve calf championship.

Other class winners in the Fort Worth Shorthorn show were: Mill Brook Christine 82, Alden Farms; Lazy D 13 Cherry, Jeff Neel, Frankfort, IN; JB Dunna's Sunny, J. Paul Bedwell, Okeene, OK; TGC Thin Lizzy, Tacoma Cattle Co., Ashland, MO; 7M Explosion Susie, Rodney McAnear, Clarendon, TX; JB Kandy Man G, Larry Jack Bedwell, Okeene, OK; Lazy D Irish Sensation, Lazy D Ranch; and Woodland Slam Jam, Billy Joe Fisher, Jr. Alden Farms won the best six head, two females, and two bulls while Billy Joe White won the get of sire.

**WHEN STRESS GETS THEM DOWN...**

**POWER UP**

**with Raico Power-Pak**

You don't have to be told what stress can do to your stock...poor nutrition, shrinkage, slow recovery, deathloss. Raico-Mix Power-Pak is especially formulated to fight the debilitating results of stress. High levels of vitamins, electrolytes, amino acids, Suppl-Mix and probiotics promote appetite, improve food digestion and stimulate an active rumen population.

Power-Pak can be used for animals at any age including calves suffering from stress-induced diarrhea and dehydration. In severe stress cases, Power-Pak can be administered as a drench. Mixed with whatever you feed, Raico-Mix Power-Pak is a proven way to stop stress.

**AVOID CHANGING WELL LEATHERS FOR MANY YEARS**

Perma-cups are molded urethane, more wear resistant than nylon. Perma-cups will outlast leathers 10 to 1. Their tapered design allows only 1/8" wear, instead of 5/8" of a leather. Much less friction for easier pumping extends cylinder life greatly. Perma-cups must be used in a good or new cylinder, as they do not swell. Install Urethane Perma-cups, Urethane Check-balls, and Urethane Pump Rod-guides, and don't pull that well for many years. Thousands are in wells that have not been re-leathered in 9 years! All are available in standard cylinder and pipe sizes. Write or call for our catalog. We ship same day order is received. This is our 33rd year serving ranchers.

## Stuph & Thangs

(CONT. FROM PAGE 1)

ed by a Colorado newspaper as "mean enough to kick a bear to death - with his bare feet."

Natchery, this native toughness in her makeup was an immediate challenge to all the environmentalists whether they were the sensible or the idiotic types. Apparently the lady is allergic to both soft soap and hard ball kinds of suds. The Anti-Reagan types and the Democrats in general as well as the anti-establishment types in the news media have been gittin' more mileage outta the Super Fund Moss than anything since Nixon's Watergate problems.

This brings up an interestin' thought. It has been a time honored trick for Congress and the Bureaucrats to make a move when the heat becomes serious enough to endanger some of their pet projects. They simply change the names of the outfits that are in trouble and it takes the semi-observant public some time to figure out just what happened to the thing they had hot after and this breathing room got 'em some time in which to clean up their act.

Now, Lol & Bahold! what has Anne done? Since Ms. Gorsuch had become such a handy target, she up and changes her name. No longer do they have Anne Gorsuch to kick around. It is a brand new name since she became wedded the other day, now they have got to go in and revise all of their huckling and protostin' to draw a bead on one known as Anne Burford. If this ain't shavin' Congress and the Bureaucrats with their own lather we have got to go back to school.

## Bankers to Attend Farm, Ranch Credit Conference at A&M

College Station - Discussions on how to manage financial risks in today's unsteady economic environment will be a feature of the upcoming 31st Texas Farm and Ranch Credit Conference for Commercial Bankers, Feb. 27-March 1, in the Rudder Center on the Texas A&M University campus.

"Agriculture in Texas and the U.S. is in one of the worst of economic times. Although inflation has slowed, a sluggish economy has created a tough situation for the Texas producers and their lenders," explains Dr. Richard Trimble, economist-manager, Texas Agricultural Extension Service, Texas A&M University System. Trimble is general chairman for the conference.

The Farm and Ranch Credit Conference is designed to help commercial bankers of Texas understand and better cope with the problems facing them and their farm and ranch clients, Trimble added.

## Mid-Winter Expo Hereford Champs

The Mid-Winter Livestock Exposition, Shreveport, attracted a high quality set of Hereford breeding stock from the four-state area of Arkansas, Louisiana, Oklahoma, and Texas. Exhibitors paraded their entries before the skilled eyes of judge Bob Crane of Gallion, AL.

Grand champion bull honors went to RH L1 Domino 091, exhibited by Hudson Herefords, Harrison, AR. ER Mark Classic, an October 1981 bull son of SC Classic ET, was judge Crane's choice for the reserve grand champion bull trophy. He is owned by Edwards Ranch, Newark, AR.

In female competition, J Bar P Ranch, Norman, OK, claimed the grand champion female purple rosette with IMR L1 Domino 121, the first place winter calf and heifer calf champion. The grand champion female was sired by L1 Domino 75991.

Hudson Herefords paraded CH L1 Domino 125, a June 2, 1981 daughter of LH 14F Mo Le 7903, to the reserve grand champion female position.

Reserve champion bull calf honors went to CLH High Class 265, exhibited by Dennis Ranches, Grady, OK, and Higgins Hereford Ranch, Nowata, OK.

AC L1 Domino 178, shown by Art Clark Herefords, Comanche, TX, took the yearling champion bull title. The reserve yearling champion bull award was captured by Extra Big, owned by Dennis Ranches, Glenkirk Farms, Mayville, MO; G&S Herefords, Elgin, OK, and Weiss & Sons, Manning, IA.

H Class Miss 2030, won the reserve champion heifer calf honor for her owners Hudson Herefords, and the reserve yearling champion female honors were awarded to TS L1 Domino 1115, exhibited by Art Clark Herefords.

Hudson Herefords walked away with the top awards in the best-of-head class and the get-of-sire competition. The blue ribbon get-of-sire winners were the progeny of SC Classic ET.

Being involved in a motor vehicle accident at 30 miles per hour without a safety belt is the same as jumping head first off a 5 story building.

Ever thine, The Edollar.

P.S.: Uncle Dunk notes where the Administration & Congress are both saying loud and clear there ain't no chance they will reverse their field and abolish the income tax withholdin' on pensions, dividends and interest. This becomes most interestin' when we read where Texas Sen. John Tower reports he has been gittin' an average of 2,500 letters per day, almost 30,000 pieces of mail opposed to this new tax scheme. Any elected officials who ignores that kind of fan mail does it at his or her peril. "There is no dignity quite so impressive, and no independence quite so important, as living within your means." Who said that? Oh! Silent Cal Coolidge, a past President. Dunk figures it sounds like good advice for both Govin'ts & individuals. Nuthin' seems more bothersome than debt.
